

Student Resource Scheme

The school operates a voluntary Student Resource Scheme (SRS) under Education Queensland guidelines. The Scheme aims to provide all students with the necessary basic textbooks and associated learning materials at considerable savings to parents. Parents/caregivers have a choice to either join the Scheme OR privately purchasing all the various textbooks, novels and other materials, as well as paying for all other items included in the Scheme (see Terms and Conditions). Please note - photocopying costs do not include colour copies.

Should you not wish to participate in the Resource Scheme, please use the following table in order to calculate the costs to purchase.

Personal stationery items are not provided as part of the Scheme and need to be purchased by students. It is expected that students have basic stationery requirements (pen, pencil, ruler, eraser etc.) at every lesson.
