

ASX Sharemarket Games

Students who elect a Business Studies unit in the junior school are provided with the opportunity to participate in the ASX Sharemarket game. The Game gives students hands-on experience of the sharemarket in 12 weeks on Internet share “trading”, competing against teams from all States in Australia. The Game involves:

- Students forming a “syndicate” of two to four people;
- Each syndicate being given \$50,000 hypothetical capital; and
- Trading on the Internet choice from 100 ASX listed companies.

The Game is a reality share trading experience as everything the students have learned about the sharemarket comes to life as they can:

- buy and sell shares as often as they like providing they have the cash to spend;
- stay in touch with the market and take advantage of all the latest company announcements;
- graph the share price of all stocks in the game;
- set up a watch list of stocks, just like the professionals;
- check out the leaders in the State and National competition on the daily electronic ranking list leaders.

Great prizes to be won!

Syndicates compete nationally and there are six State divisions.
