

Vocational Education and Training

Craigslea SHS RTO

- The school offers a Vocational Education and Training (VET) certificate in Skills for Work and Vocational Pathways.
- The school has partnerships with other RTOs to deliver VET certificates in Fitness, Hospitality and Business.

Other RTOs

- VET in School (VETiS) funding allows high school students to complete one VET qualification at a reduced cost.
- Years 11 and 12 students are able to study/train one day a week through another RTO if approved by the school.

School-Based Apprenticeships and Traineeships (SAT)

- If approved by the school, students are allowed to engage in a SAT.
- This allows students to gain on-the-job experience in addition to a VET certificate.

All VET certificates are recognised by the QCAA and successful completion of units of competency will contribute credits towards the QCE.

Leadership

At Craigslea SHS, we believe all Senior students are leaders.

The following are specific student leadership positions available for students depending on their year level:

- School Captain/Vice-Captain
- Academic, Instrumental Music, Sports, Cultural and Craigslea Volleyball Academy (CVA) Captains
- Prefect
- Student Representative Council Executive and Class Representatives
- Senior Leaders
- Buddy Leaders

Pathway Guidance

Craigslea SHS holds a Pathways Expo every year in Term 2. Students from Years 10, 11 and 12 attend the Expo to engage with representatives from universities, training organisations and employment organisations.

Senior Education and Training (SET) Plan Process

During Year 10, students begin work on their SET Plans.

- Time and resources are given to students to research various occupations, industry and educational pathways.
- A student's interests, abilities and ambitions are considered when making decisions regarding the Senior Phase of Learning.
- Students need to consider their futures based on their abilities and their research into career options.
- A SET Plan interview occurs during Term 3 between the Year 10 student, their parent/ caregiver and a school staff member.
- SET Plans can be updated by the student at any time whilst they are a Senior School student.

Senior School: Years 10 - 12

Years 11 and 12 comprise a two-year course. Students gain formative knowledge and skills in Year 11, which is applied in Year 12 summative assessment.

Senior Statement

A Senior Statement is issued to all students who have satisfied the completion requirements for Year 12 in Queensland.

The Senior Statement is a transcript of the learning completed in Senior Secondary and shows all studies and results achieved.

Queensland Certificate of Education (QCE)

All students participating in the Senior Phase of Learning must work towards the achievement of a QCIA or QCE.

To be eligible for a QCE, students must achieve at least 20 credits of learning, with a minimum of 12 credits derived from 'core' courses of study. Students must also meet the QCE literacy and numeracy requirements.

The QCE, QCIA and Senior Statement are issued by the Queensland Curriculum and Assessment Authority (QCAA) in December after a student has completed Year 12.

For further information on QCIA, please refer to the Special Education Program (SEP) information brochure.

Tertiary Entrance

ATAR (Australian Tertiary Admission Rank)

Students striving to study at university after Year 12 are working towards an ATAR (Australian Tertiary Admission Rank).

Students must study either six General subjects, or five General subjects and one Applied subject, in Years 11 and 12.

Eligibility for an ATAR will require satisfactory completion of an English subject.

Further Information

Further information regarding Senior Schooling in Queensland is available on the Queensland Curriculum and Assessment Authority website:

<https://www.qcaa.qld.edu.au/senior>

Information regarding ATAR is available on the Queensland Tertiary Admissions Centre website:
