

Craigslea State High School

Co-Curricular Activity

Craigslea Dance Company also known as CDC is an enrichment program giving students from all year levels an opportunity to participate in the art of dance. CDC works within the contemporary/jazz and hip hop genres of dance, providing students with eisteddfod/dance competition experience, workshops, excursions and choreography from industry professionals.

CDC encourages all students with a love and passion for dance to audition for this enrichment program. The students are required to attend an audition where they will learn a set sequence of movement and perform this to be accepted into the program. If successful students will be required each week for rehearsals.
