Creating Positive School Experiences

At Craigislea SHS, the whole school community works together to ensure every student has a positive and rewarding school experience.

As part of this investment in our children's education, the Craigislea SHS Parents and Citizens' Association (P&C) works closely with the school to improve and develop the school's built environment.

With your help, the continued improvement and development of our facilities will ensure the learning environment provided will remain current and relevant for years to come.
